

Better Markets, Better Lives

PARTNERSHIPS BETWEEN POLICYMAKERS AND STAKEHOLDERS FOR SUSTAINABLE WATER SERVICES IN THE NEW NORMAL

Presented by: Abdi Wario
Head of Programme

3rd September 2020

Old Normal

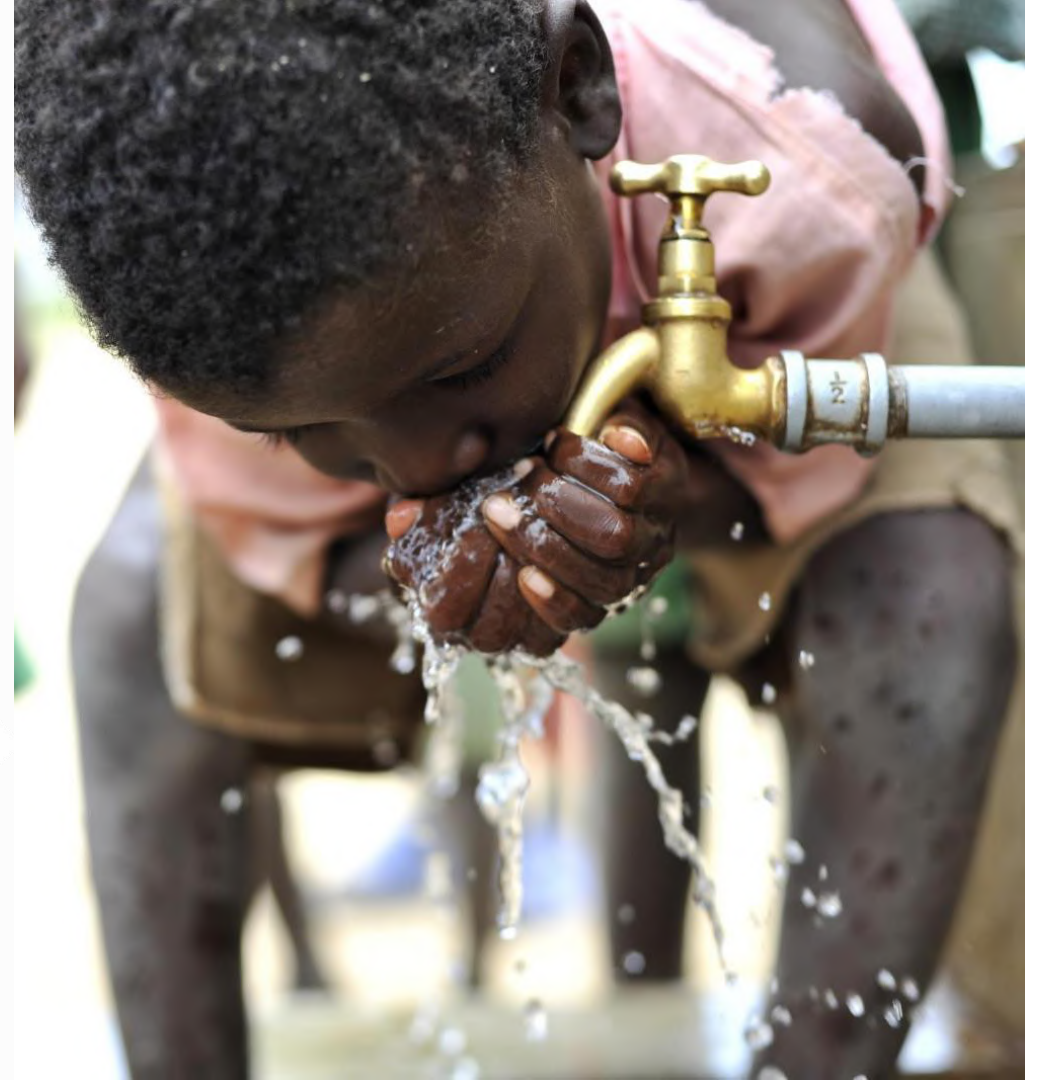

New Normal

COVID-19 and Water Sector.

The impacts of COVID-19 are severely impacting the Kenyan water sector, putting millions of people's access to clean and safe water at risk, whilst threatening to undo years of commendable progress in the sector.

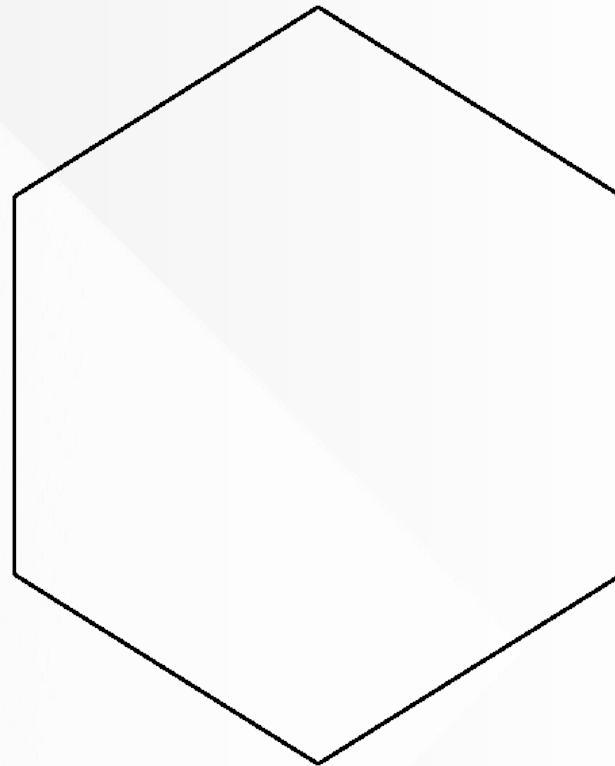

Why the partnership

**Foster Sector
resilience**

**Better learning and
Knowledge
management**

**To Avoid Moral Hazard as a
result of over-investment in
one entity**

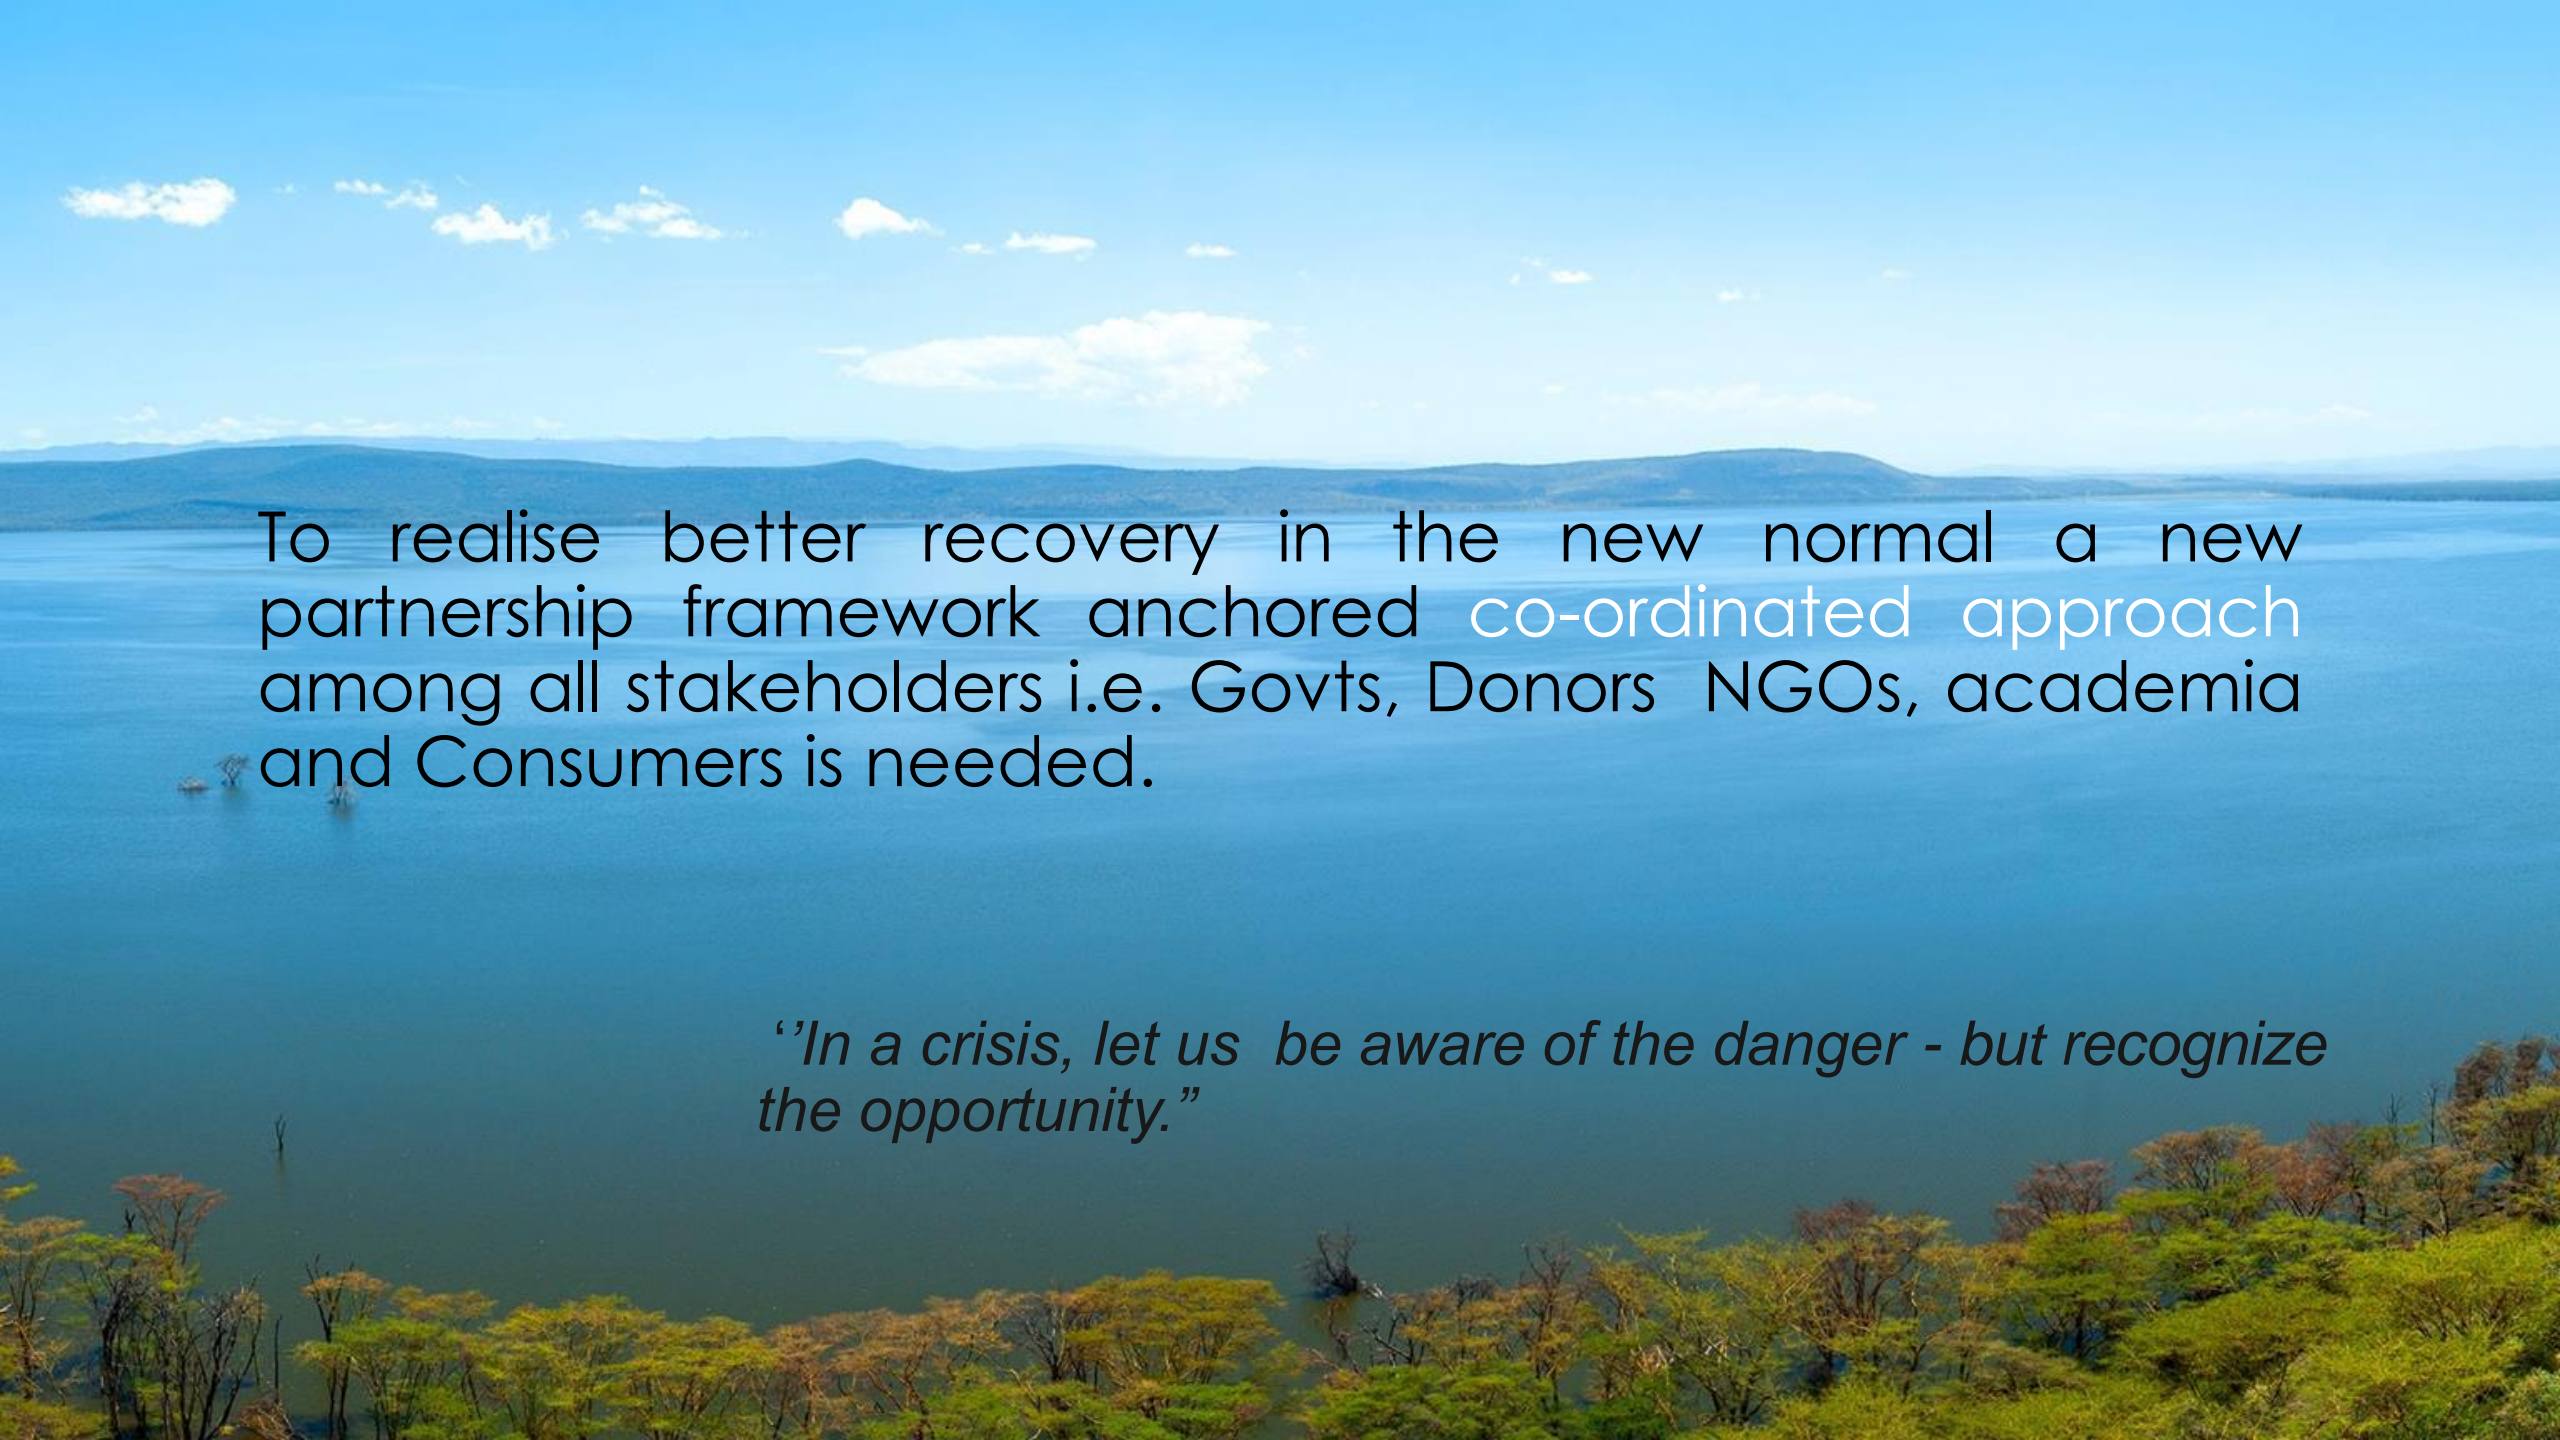

**To reduce overlap
and duplication**

**For better sector
coordination at all
levels**

**To drive innovation
and ingenuity in
recovery phase**

Required Partnership in the new normal

To realise better recovery in the new normal a new partnership framework anchored co-ordinated approach among all stakeholders i.e. Govts, Donors NGOs, academia and Consumers is needed.

“In a crisis, let us be aware of the danger - but recognize the opportunity.”
